

Chief Information Officer

Advisory

SEPTEMBER 9, 2009

TO: DISTRIBUTION

**SUBJECT: CIO ADVISORY: SECURED eGOVERNMENT SERVICE ACCESS AND
ONLINE ELECTRONIC PAYMENT**

The following policy instruments have been approved. The effective date for these instruments is September 1, 2009:

1. Statewide Technical Standard: Secured eGovernment Service Access Processing
2. Statewide Technical Standard: Online Electronic Payment Processing

These instruments are available at the [Enterprise Information Systems Publications](http://itsd.mt.gov/policy/policies/default.mcp) webpage at <http://itsd.mt.gov/policy/policies/default.mcp>. During the statewide review period, one comment was received effecting a minor wording change to the Secured eGovernment Technical Standard.

The Secured eGovernment Service Access Processing Technical Standard supersedes the Interim Approved Product: ePass Montana. The Online Electronic Payment Technical Standard supersedes the Interim Approved Product: State Payment Portal. Previously approved exceptions to these Interim Approved Products remain in effect and extend to the new Technical Standards.

This policy falls under the provisions of the Montana Information Technology Act that states that the Department (of Administration) shall promote, coordinate, and approve the development and sharing of shared information technology application software, management systems, and information that provide similar functions for multiple state agencies. [§2-17-512\(1\)\(b\), MCA](#), and that the Department shall establish and enforce statewide information technology policies and standards. [§2-17-512\(1\)\(e\), MCA](#).
